

August 2018

DWR COMPREHENSIVE NEEDS ASSESSMENT PROGRAM  
DWR BOARD OF CONSULTANT'S REPORT JUNE 2018  
AD HOC COMMITTEE'S RESPONSE AUGUST 2018  
FRRR LETTER PUBLISHED IN THE MERCURY RECORD AUGUST 2018

#### Comment

As a result of the Independent Forensic Team's report and recommendations the DWR decided to develop a Comprehensive Needs Assessment Program (CNA) and appointed a Board of Consultants that acts as an Independent Review Board (IRB) for this program. At the same time the DWR created an Ad Hoc Committee of representatives from the downstream communities with the task of commenting on the IRB's review of the CNA.

The following documents contain links to the papers on the process published to date. The letter provides the FRRR's reaction to the IRB's first comments. The Ad Hoc Committee's comments, which were published after the FRRR letter, support the view taken by the FRRR.
